

Our Vision

To be there for every child with a life-limiting or life-threatening condition, and their families, making sure they can get the very best support when and where they need it.

Our Mission

To make a difference to the lives of children with life-limiting or life-threatening conditions, and their families, by:

-  Striving to be a centre of excellence for children who need specialist respite and end of life care, and their families, enabling them to feel safe and supported in the place of their choice: at Claire House, in their own home, and through our family support work.
-  Developing needs-led services.

-  Giving the best care that our resources will allow, while also planning for the future.
-  Striving for lasting partnerships, for example with our supporters, and with healthcare partners such as other charities and the NHS.
-  Inspiring and developing our people.
-  Being the local organisation which people are proud to work and volunteer for.
-  Living the values of Claire House.
